PROFILE

As a dedicated MERN and Next JS Developer, I am passionate about crafting intuitive and engaging user interfaces, as well as robust backend systems. I thrive on turning creative designs into functional and visually appealing web applications that seamlessly integrate frontend and backend technologies. With a solid foundation in HTML, CSS, and JavaScript, I have honed my skills in React and Next to build dynamic and responsive interfaces, while also proficiently managing backend tasks using Node.js, Express, and MongoDB. Committed to writing clean and efficient code, embracing best practices, and collaborating seamlessly with cross-functional teams, I am eager to continuously learn and stay up to date with the ever-evolving web technologies. I am excited to contribute my expertise to create impactful digital solutions that encompass both frontend and backend domains.

EXPERIENCE

REACT INTERNEE • MARCH 2023 – OCTOBER 2023

Deca Byte IT Solutions Faisalabad

During this internship I have honed my skills in React by creating many projects and by collaborating with the team to enhance my skills.

ONLINE REACT INTERNSHIPS

Codsoft

I did some online internships provided by a company named codsoft and got some certificates. Other than that, I also attempt a test for internships which I successfully completed. Certificates that related to these achievements are provided on next pages.
